The source for production of AIMEX MUSIC Brass & Woodwind resulted as a combination of the more than 30 years of Brass and Woodwind instrument repairs, design and manufacturing skills of Brian North in Australia and his established partnerships with other instrument manufacturers located in the USA, Germany and Asia.

This co-operation between manufacturers and material suppliers is designed to produce the highest possible quality instruments at very competitive prices.

AIMEX MUSIC Brass & Woodwind are manufactured to world class standards of excellence to meet the requirements of the individual advanced student or professional musician.
